

ORDINANCE 94-02

Whereas Ordinance 91-04, adopted June 28, 1991 stated the method by which the Marshall County Fiscal Court in conjunction with the Marshall County Garbage and Refuse Disposal District provided for universal collection for residential solid waste in Marshall County in accordance with the provisions mandated by KRS 224, and

Whereas the method of collection at that time was the placement of solid waste collection boxes or "green box dumpsters" at numerous sites throughout the county, and

Whereas since that time the Fiscal Court and the Garbage and Refuse Disposal District have made significant improvements in the residential solid waste collection system, the most significant being the establishment of staffed convenience centers placed in strategic locations in the county, then

Therefore be it ordained universal collection of residential solid waste in Marshall County shall be accomplished by the provision of staffed convenience centers. Each household or residential solid waste generator in Marshall County shall be assured equal access to the staffed convenience centers.

Be it further ordained the Marshall County Fiscal Court and the Marshall County Garbage and Refuse Disposal District shall have the power and authority to determine the number of staffed convenience centers and their locations, their days and hours of operation and may from time to time regulate these so as to best serve the citizens of Marshall County and yet maintain fiscal responsibility.

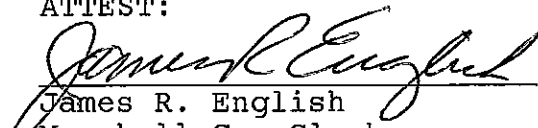

This ordinance shall become effective upon publication by reading and summary after second reading and passage.

First reading and passage by the Marshall County Fiscal Court: June 21, 1994, 1994 First publication by the Tribune Courier: June 29, 1994, 1994 Second reading and passage by the Marshall County Fiscal Court: July 5th 1, 1994 Second publication by the Tribune Courier: July 13th, 1994.

Mike Miller
Marshall County Judge/Executive
