Judge Kevin Neal  
Marshall County Judge Executive

Please let me start off by saying how much I appreciate the opportunity to serve in your administration. I am very thankful in your confidence in me to appoint me to the position of ABC Administrator. I hope that I have served that position and office well.

I have thoroughly enjoyed working with such a great group of people and made some lifelong friendships in the process. I hope that you know that I believe in you and your administration and know that you are doing very great things in Marshall County.

It saddens me to think that I am leaving such a great place of employment, but after much thoughts and prayers with my family, I have decided to accept an offer from the Kentucky Alcoholic Beverage Control for the position of Investigator for the west region.

I do not leave this position or appointment lightly. I am not leaving on any type of ill feelings at all and hope that I can still work together with you and your staff on future endeavors.

A handwritten signature in black ink, appearing to read 'Scott A. Brown', with a stylized flourish at the end.
