Dear Judge Neal:

Ms. Linda Woodward, a member of the Cemetery Board has experienced some health and has asked to resign from the Board. I tentatively accepted on your behalf. Now, of course, we need a replacement.

We have for some time had a preponderance of Board members from the southern end of the County, and Ms. Woodward's addition, from the Calvert City region, was designed to alleviate that. With her resignation, of course, we once again need both a board member and, hopefully, one from that area of the county. Shall I advertise, or just let it be known that someone is needed? Or, do you perhaps already know a candidate?

I am scheduled to speak to the Clarks River Chapter of the DAR on Saturday, the 13<sup>th</sup> of October, on the organization and duties of the Board. This will be the first time, to my knowledge, that such a presentation has been made.

Dear Judge Neal:

Mr. Don Howell, of Calvert City, has been suggested as a possible candidate for the District 2 Cemetery Board representative. I have met with Mr. Howell, and I also recommend him for the position.

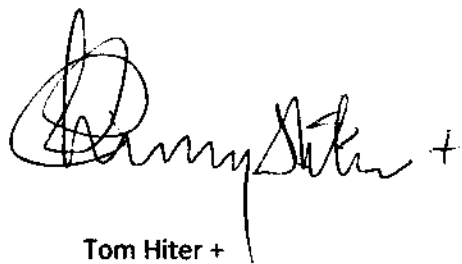

Mr. Howell is retired for medical reasons, but still easily capable of doing the physical part of the Board's job. He is deeply interested in the field, a former Marine (note that I did not say "ex-" <grin>), and a resident of the district that is open. He is interested in the job.

Unless you have other candidates, I recommend him for the vacancy created by the resignation of Ms. Linda Woodward. His name and contact information are: Don A. Howell
