RE: Request to Use Residual Funds
CWSRF A18-014

Dear Judge Executive Neal:

Thank you for your Request to Use Residual Funds dated October 29, 2019. All requests such as these are carefully and thoughtfully reviewed on a case-by-case basis, weighing both the impacts on the perpetuity of the program and impacts on the borrower. Many factors are considered. At this time, we have determined that the request is declined, because the proposed scope of the work is outside the scope of the original project and will require a new environmental review. It is our understanding that a new project has been submitted for the 2021 Call for Projects and has included this scope of work in the new Project Profile.

We appreciate your interest in the Kentucky Infrastructure Authority loan program and we are available any time at your request to assist you with your financing options. If you have any questions, please don't hesitate to contact Julie Bickers at 502-892-3455 or julie.bickers@ky.gov.

Respectfully,

A handwritten signature in blue ink that reads "Linda Bridwell".

Linda Bridwell, PE
Deputy Executive Director
Kentucky Infrastructure Authority
