Musco Sports Lighting: Budget Estimate

February 8, 2021

Britney Hargrove
Mike Miller County Park

Dear Britney:

Thank you for the opportunity to discuss Musco's SportsCluster System with TLC for LED™ Total Light Control technology and the benefits it will bring to your Baseball/Softball Fields at Mike Miller County Park. We are excited to offer this innovative system, and are confident you will see the value for many years to come.

This estimate includes Musco's SportsCluster System with TLC for LED™ with estimated installation costs. This system includes TLC for LED™ light fixtures, pole length wire harnesses, and electrical components enclosures. This system also comes with a 10 year warranty, including all maintenance. The 10 year warranty is contingent upon Musco's inspection and approval of existing structure and electrical wiring.

Benefits of Musco's SportsCluster System with TLC for LED®

- Guaranteed light levels
- Control-Link® System for remote on/off control and performance monitoring with 24/7 customer support
- Reduction of spill light and glare by 50% or more
- Reduction of energy and maintenance costs by up to 85% over typical 1500w HID equipment
- Product assurance and warranty program that includes materials and onsite labor, eliminating 100% of your maintenance costs for 10 years - Contingent upon Musco's inspection and approval of existing structure and electrical wiring.

Estimated Materials and Installation Cost:

Softball Field – North Field.....	\$126,250.00 - \$136,250.00
Softball Field – Middle Field.....	\$109,000.00 - \$119,000.00
Softball Field #3.....	\$109,000.00 - \$119,000.00
Baseball Field – Grass Infield.....	\$190,000.00 - \$200,000.00
Softball Field – Lg East Field	\$157,000.00 - \$167,000.00

- Pricing is based on project happening in 2023. If project moves forward sooner, please reach out for a more accurate budget estimate.

This **estimate** includes anticipated equipment and the estimated cost of installation. This estimate assumes 480v/3 phase power being located within 100' of the site. It does not include the cost of a new electrical transformer. It also assumes standard soil conditions. Rock, bottomless, wet or unsuitable soil may require additional engineering, special installation methods and additional cost. Thank you for the trust you have placed in Musco Lighting. Please feel free to contact me with any questions you may have.
