Re: PR-4696, Marshall County
Department of Corrections
Lease Cancellation

Dear Lessor(s):

Pursuant to paragraph five (5) of lease agreement PR-4696, please consider this as official notice that this lease is being cancelled, effective the close of business February 28, 2022. The subject property will not be needed by the Commonwealth beyond that date due to relocation. Further, if you have automatic dialers or alarm systems connected to the state telephone system, be advised that the Commonwealth may remove its phone system prior to the effective date of this cancellation. Via copy of this correspondence, we would ask that the tenant agency notify the lessor once a date for removal or disconnection of the phone service is established so they may establish/continue service for equipment connected to line(s) provided by the agency. If either party has any questions regarding the removal of the telephone systems, please contact our office immediately.

Thank you for your past business association, and we trust that your future efforts in renting the property will be successful.

JSA/BSH/bh

Respectfully,

Scott Aubrey, Director
Division of Real Properties
