

2022 KACo Insurance Grant Program now open!

Application period: Sept. 15 - Oct. 17, 2022

The Kentucky Association of Counties is proud to once again offer an opportunity to members of our Workers Compensation Fund and All Lines Fund to apply for grants to help reduce losses in connection with these two insurance funds.

Eligibility

All members of the KACo Workers Compensation Fund or the KACo All Lines Fund are invited to apply for grants for future purchases to help reduce losses in connection with either of these two insurance funds. This includes purchases of equipment, training or consulting services as well as property improvements intended to reduce the risk of personal injury.

Application process

Grant submissions will be accepted through our online form, available on KACo's website under the Loss Control Services tab **here**. Applicants will receive an email confirmation that their application has been received.

The application will remain open Sept. 15 - Oct. 17, 2022. Members may submit one application during this period.

Apply here

Deadline

To be considered, applications must be submitted via the electronic submission form, directly from KACo's website, by 4:30 p.m. EDT, Oct. 17, 2022. Submissions made after Oct. 17, 2022 will not be considered.

Priority areas

All applications will be considered. However, loss and/or prevention areas that will be given priority during this year's selection process include those designed to help reduce or eliminate losses connected to:

- Slip, trip and fall hazards
- Lifting injuries
- Auto accidents
- Jail operations
- Cyber breaches

Grant amounts

Grants are limited to a maximum reimbursement of \$10,000. Members will be required to contribute an additional 20 percent to any grant awarded.

Decision timeline

Applicants will be notified of award decisions following review of all applications after Oct. 17, 2022. **NOTE:** Eligible purchases should be initiated AFTER the date of any award letter issued, as this program is designed to address FUTURE purchases.

If you have questions about this program, please contact Michael Ray at Michael.Ray@kaco.org or call KACo at 502-223-7667.

Helpful hints

- Applications should seek to reduce losses connected to insurance coverage your agency holds through KACo Workers Compensation Fund or the KACo All Lines Fund.
- Applications should be limited to one type of product or service.
- Focus applications on things you truly need and need help with paying.

Stronger Counties. Stronger Kentucky.
