

April is Child Abuse Prevention Month! Pinwheels for Prevention is a national campaign used as a reminder of the uplifting and great childhood all children deserve. The blue and silver pinwheels are popping up across Kentucky's to promote our Pinwheels for Prevention campaign – to educate communities on child abuse and neglect prevention. Similar to the Pinwheel Planting at the Calloway County Judicial Building on April 10th, we are wanting to host a pinwheel planting event at the Marshall County Judicial Building on Friday, April 21st at 12:30 pm. Each pinwheel represents an adult who has made a difference in a child's life. CASA by the Lakes will be co-hosting this event alongside Lotus and Judge Stephanie Perlow's Office, with several other community partners attending. In addition to planting the pinwheels, there will be a Child Abuse Prevention Month Proclamation read and photos taken for the local paper.
